Mount CofE Primary School - Languages Progression

This progression framework aligns with Mount CofE Primary School's vision and values by providing a structured and sequential approach to teaching Spanish across the school. It focuses on developing pupils' confidence and enjoyment in learning a new language, while also ensuring that they acquire the necessary knowledge and skills to communicate effectively. The framework addresses the school's improvement priorities by ensuring a clear curriculum and strategy for language learning, with a strong emphasis on using assessment to inform teaching and learning. Additionally, the progression steps are tailored to the school's diverse student population and aim to support the inclusion and achievement of all learners.
